2014 Seneca Falls Coach Pitch Local Rules

1. Each game will be 3 full innings.
2. Every player will hit in every single inning, there are not 3 outs., however, if a player is put out at a base they must leave the bases just like in a normal game.
3. There is no leading off of the base.
4. If a batter hits the ball to the outfield runners may advance bases until the ball is thrown into the infield. Runners may not advance bases on an overthrow to a base. When the last batter of a half inning is up all runners may run around all the bases, including the batter.
5. A bench coach should be used to control the bench and to ensure that the next batter is ready to hit when their turn comes up. This could be a parent as long as they have been approved as a volunteer.
6. All players must play in the field. Up to two players may serve as pitcher helpers. Each of the infield positions should have a player, the rest of the players should be spread out in the outfield. Teams are encouraged to use a catcher to help develop catchers at the next levels. If one is available, otherwise a coach will be used.
7. Each batter will receive 5 good pitches. Once that pitch limit is reached a batting tee **MUST** be utilized. There are no exceptions to this rule.
8. Both managers are responsible for the orderly maintenance of the bench area.
9. The manager should help ensure the sportsmanship of the parents in the stands. Good sportsmanship should be displayed at all times on and off the field.
